

Job Description

Job title: Equity Research Associate (Temporary)

Period: 12 Month

Division / Department: Equity Research

Location: Seoul, Korea

Company overview

Nomura is a global financial services group with an integrated network spanning over 30 countries and regions. By connecting markets East & West, Nomura services the needs of individuals, institutions, corporates and governments through its three business divisions: Retail, Wholesale (Global Markets and Investment Banking), and Investment Management. Founded in 1925, the firm is built on a tradition of disciplined entrepreneurship, serving clients with creative solutions and considered thought leadership. For further information about Nomura, visit www.nomura.com.

Department Overview:

Nomura's Global Markets department provides liquidity, market insights, and execution services to clients worldwide across various asset classes, including equities, fixed income, currencies, and commodities. The team's focus on innovation and technology provides clients with access to cutting-edge trading platforms and customized solutions. Nomura's Global Markets team specializes in market-making, risk management, and electronic trading, with a strong global presence and reputation for exceptional service to clients. With expertise, global reach, and commitment to innovation, Nomura's Global Markets department is well-positioned to continue driving growth and success in the financial industry.
